

Forklift Electrical Parts

Forklift Electrical Part - Lift trucks can be purposely marked to be used in hazardous locations. A labeled forklift indicates the design has met the lowest standards of ANSI/UL 558 for engine powered lift trucks or ANSI/UL 583 used for electric forklifts for the type of label put.

The use for labels utilized for lift forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Ask your local insurance carrier and Fire Marshall for further information concerning the approved uses of industrial powered forklifts in your application.

If the forklift has been found to meet the outlined standards, the following labels could be put. A labeled truck would have the model description put on the forklift nameplate and will have one of the following labels put.
