

Cascade Clamps

Cascade Clamps - Cascade Manufacturing Company was established in Portland, Oregon in 1943. They began as a small machine shop initially employing four individuals. Sales for their first year of operation totaled 60 thousand dollars. The very first recorded sales revenues involved the assembly and machining of stainless steel pipe fittings, valves and other parts. Through five years of operation, the company had expanded to forty employees and their yearly sales volume had risen to \$330,000. Nowadays, Cascade is amongst the top global makers within the material handling trade.

Design and production of the company's original hydraulic cylinder allowed this young business to aggressively engage in new business opportunities. All through the last sixty years, the business of material handling has grown into a really sophisticated field with Cascade proudly playing a part in its improvement. Cascade at the moment continues to develop as the best supplier of lift truck accessories and different related items. The company feels certain in their ability to continue to lead the way within the business by understanding buyer's requirements in the future and remaining aggressive within the world market.

In the 1950's, Cascade started designing, fabricating and selling hydraulic accessories. Construction was done in the year 1956 on a new facility to house all of the plant and office operations in Portland, Oregon at the company's current headquarters. Subsequent to fifteen years of business, total employees reached one hundred eighty staff and sales had reached practically \$2,300,000.

1959 in Springfield, Carlsbad the next production plant was built. 1960 marked Cascade's initial move into the international world of the material handling industry when the business established interest in the Netherlands, England, and Australia.

In 1964, the company altered its name to the Cascade Corporation. After that in the year 1965, the company went public with an initial offering of 200,000 shares of common stock. Since then the company has expanded its manufacturing services throughout the continental USA to the places Warner Robins Georgia to go along with its already current plants in Portland, Oregon and Springfield, Carlsbad. Cascade merchandise are manufactured worldwide thanks to a lot of subsidiary operations. In the year 1944, a new facility was completed in Almere, the Netherlands which is Cascade's European control center. This plant is made to be the ultimate customer support centre.

Continuing to grow, Cascade expanded their product offering further in the year 1996 and the year 1997 with the dramatic acquisition of five corporations, together with the worldwide best in forks, the Kenhar Corporation.
